

# SCHOLARSHIP AWARD PROGRAM

Brothers Healthcare is committed to supporting members of the bleeding disorders community in their higher education goals. For this reason, we offer a scholarship program of \$2,000 per year to be awarded as two \$1,000 scholarships, each given to one male and one female student affected by an inherited bleeding disorder like hemophilia or von Willebrand disease.

The awards committee oversees the scholarship program. The award selection is based on a number of criteria including but not limited to academic merit, narrative, reference letters, and impact on the bleeding disorders community.
